Size | 1.5kg

TREATS

A complete all round molasses based vitamin and mineral feeding block that supplements dietary requirements which may be lacking in everyday feed and forage. Available in two sizes for use in the stable and field.

All Supalix contain the following:

- **Protein** - The primary nutrient needed for the formation and repair of muscle tissue. Important for young, growing and working horses and to help lactating mares produce quality colostrum. Provided form soya which is a rich source of the essential amino acid lysine.
- **Minerals, trace elements and vitamins** - Full of all the essentials required for good skeletal growth, strong hoof structure, energy metabolism and a healthy immune system.
- **Diamond V XPLS Yeast Culture** - An exclusive natural yeast product shown to have a positive effect on nutrient digestibility*. Will help to maintain a healthy digestive system, which in turn can lead to enhanced athletic performance.
- **Molasses** - Turns this feed into a convenient, labour saving, weather-proof lick which is palatable and allows for the more natural 'little and often' approach to feeding. Contains less molasses than other cooked molasses licks.

*Source: Diamond V Mills trial data

Horse & Pony Original

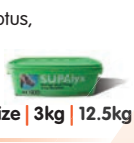

- For peak condition, feed all year round to supply the essential nutrients which may be low in pasture or forage.

Size | 3kg | 12.5kg

Easy Breather

- Contains a carefully selected blend of eucalyptus, plant extracts and essential oils.
- Feed all year round to help maintain a healthy respiratory system, especially when stabled or in hard work

Size | 3kg | 12.5kg

Nimble

- Contains Glucosamine, Methylsulfonylmethane (MSM), Cod Liver Oil and Vitamin C
- Contains selected supplements to help maintain healthy joints
- Feed all year round as part of your joint care regime

Size | 3kg | 12.5kg

Garlic

- Contains additional garlic to help repel biting insects and support health and well being
- May help stimulate your horses appetite and support digestive function
- Feed all year round but especially in summer months for its fly repellent properties

Size | 3kg | 12.5kg

Tasty Treats

Tasty Treats can be used to reward good behaviour, help with training, distract a horse when there's a temptation to fidget or used for stretching exercises to keep the horse supple

Flavours 650g | Mellow Mint | Apple Blush | Carrot Cake

TastyLix

- Range of flavours using natural ingredients: Apple, Carrot and Mint. Made of Glucose syrup, Dextrose and Plant extracts
- Decreases boredom and stress, which can lead to vices such as crib biting, weaving, wind sucking, door banging, box walking, wall and door licking
- Simple to remove as slides easily out of the pot when turned upside down and tapped gently
- Can be used with any standard holder
- Also available as a 3 pack gift set

Flavours 600g | Mint | Apple | Carrot
